2018 REPORT
TO THE COMMUNITY

Montcalm Community College

The Career Advisor serves MCC students as well as high school and middle school students in our K-12 partner districts. Career

programming in industrial technology,
industrial automation maintenance, technical
drafting and design, digital arts, nursing and
business are just a few more examples of
how MCC is working to prepare students for

P E C M C
2013.

M C C E C
H D G G P I

MCC works collaboratively with area high schools and a variety of colleges and universities to offer more educational options to students.

The college continues to grow its partnerships to enhance its focus on developing talent, working collaboratively to provide vital support to families and individuals through increased access to Early College, dual enrollment and career mentoring to chart a course for each learner from preschool through the community college level.

Early College continues to grow

MCC

MCC delivers quality programs and services in a way that makes them accessible and affordable to all.

With average semester enrollments of about 1,700 students, MCC combines state-of-the-art facilities and technology with its highly qualified instructors, small class sizes and affordable tuition to meet the educational needs of its community. MCC offers 54 associate degree, certificate and job-training programs; courses for transfer to bachelor's degree programs; online courses; and articulations with other colleges that offer students a seamless transfer; and career and personal development noncredit courses.

In addition to its campuses in Sibley, Waukegan, Skokie and Evanston

MCC Programs

Diploma & Certificate Programs :

- Associate of Science & Arts

Associate Degree Programs :

Associate of Science Programs :

- Accounting
- Agricultural Operations
- Business Entrepreneurship
- Business Management
- Business Marketing
- Computer Information Technology Management
- Computer Networks & Systems
- Digital Arts

Associate of Arts Programs :

- Early Childhood Education
- Education Paraprofessional
- Engineering Technology
- Industrial Automation Maintenance
- Medical Office Administration
- Nursing
- Office Administration
- Pre-Animal Health Technology
- Skilled Trades
- Technical Drafting & Design
- Web Developer & Programming
- Welding

Certificate Programs :

- Apprenticeship Training
- Business Management
- Computer Technology
- Criminal Justice/Corrections
- Digital Arts
- Early Childhood Development
- Industrial Automation Maintenance
- Information Processing Assistant
- Liberal Studies
- Medical Assistant
- Pre-Animal Health Technology
- Pre-Veterinary
- Skilled Trades-Industrial Automation Maintenance
- Skilled Trades-Machinist
- Skilled Trades-Maintenance Mechanic
- Skilled Trades-Tool & Die Maker/Designer
- Technical Drafting
- Web Developer & Programming
- Welding Technology

Job Training Programs :

- Business Management
- Child Development Associate
- Digital Arts
- Industrial
- Long-Term Care Nurse Assistant
- Michigan Corrections Officer Training
- Office Applications
- Pre-Animal Health Technology
- Programming
- Web Developer
- Welding

MCC's reach extends beyond creating partnerships that foster economic growth, cultural celebration and social interaction.

of the Midwest Institute; and "Darwin:

Collaborations enhance cultural offerings - continued

Study abroad and international connections

In today's global society, students increasingly need international experience to round out their education.

During 2018, MCC partnered with Percussive Tours to offer travel opportunities for students and community members including Italy and Malta and the Islands of the Philippines.

In addition, the college continued to enhance its study abroad experience by hosting three guests from India, who learned about our country's rich culture through a variety of activities. The college is planning a study abroad trip to India during summer 2019, in partnership with Mid Michigan College.

Recreational offerings and service learning

MCC provides a variety of recreational opportunities.

The MCC Recreation and Fitness Center unveiled a new name, remodeled facilities and enhanced offerings in August. Several fitness and exercise classes offer cardio boxing, stability ball training, senior aerobics, yoga and more.

The facility features a fitness center, gymnasium, climbing wall, NCAA-sized pool, Kenneth J. Lehman Nature Trails, tennis courts and sand volleyball court, which are open to community members, students and staff.

Outdoor recreational enthusiasts may enjoy connecting from MCC's Sidney campus to the Fred Meijer Heartland Trail in Sidney. The Lena Meijer Heartland Trail Connector provides walking and bicycling access to the Montcalm Area Career Center (MACC), the Community Dental Clinic, Montcalm Heritage Village, the Kenneth J. Lehman Nature Trails, the Stanton State Game Area, an outdoor classroom, an ongoing prairie restoration project and other recreational offerings on the college's Sidney campus. In addition, a pavilion along the trail and adjacent to the college's greenhouse provides a gathering place for a variety of uses.

In September, the college's Nature Trails committee hosted its fourth annual Bramble Ramble, a 10K trail run and 5K trail run and walk on the Kenneth J. Lehman Nature Trails, in memory of former MCC Social Sciences Instructor Michael Seaman, who passed away in June 2017 due to injuries sustained in a bicycling accident. In addition, the Nature Trails committee welcomes community volunteers several times annually to help maintain more than four miles of trails that span more than 100 acres of land.

Through service learning projects, MCC's students, instructors and staff support community activities such as local food pantries, clothing collections, health clinics, blood drives and efforts to combat homelessness.

Summer camps

MCC offered 19 summer camps in 2018 to engage school-age youths in fun yet educational activities. Topics included health and fitness, health careers, science, math, welding, drones, robotics, fine arts, law enforcement, agriculture and more.
