INDEPENDENT AUDITORS' REPORT

This page intentionally left blank.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

The discussion and analysis of Montcalm Community College's (the "College") financial statements provides an overview of the College's financial activities for the years ended June 30, 2022, 2021 and 2020. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College's management.

Using this Report

This annual financial report includes the report of independent auditors, this management's discussion and analysis, the basic financial statements and notes to financial statements. Following the basic financial statements and footnotes are required supplementary information and two supplementary schedules—the Combining Statement of Net Position and the Combining Statement of Revenues, Expenses, Transfers and Changes in Net Position. Though the Governmental Accounting Standards Board ("GASB") does not require this information be present for a fair and complete presentation, these additional statements do provide additional information regarding the various funds and activities of the College that is not disclosed in the basic statements.

Financial Highlights

The College's financial position decreased during the year ended June 30, 2022. Net position at the end of the fiscal year was down approximately \$2.0 million or 10%. The College experienced a significant decrease in net loss on investments related to the Montcalm Community College Foundation. Overall enrollment compared to the previous year was up by 1.4% or 400 contact/billing hours. The details by semester were Fall 2021, a 5% increase both Spring and Summer 2022 semesters were down by 2% each.

Overall nonoperating revenues decreased by approximately \$8.8 million. This was mainly related to the loss on investments from Montcalm Community College Foundation funds. On the positive side, State appropriations were up approximately \$216,000, Federal Pell grants were up by approximately \$216,000, and property taxes were up by approximately \$496,000 from the previous fiscal year.

The College will continue to feel the significant impact of the addition of GASB 68 (Accounting and Financial Reporting for Pensions) and GASB 75 (Postemployment Benefits Other Than Pensions) as the College is required to record its proportionate share of the liability associated with providing pension and healthcare to retirees related to the State of Michigan Pension program. Additional information is also included in Note 8 to the financial statements, and in the required supplementary information following the footnotes.

The Statement of

factors, such as the trend in college applicants, student retention, condition of the buildings, and strength of the faculty and staff, to assess the overall health of the College.

Operating Revenues

Operating

Operating Expenses

Operating expenses are all the

Nonoperating Revenues

Nonoperating revenues are all revenue sources that are primarily non exchange in nature. They consist primarily of state appropriations, property tax revenue, Federal Pell grants, Federal HEER and CRR fund grants, investment (loss) income (including realized and unrealized gains and losses), and grants and contracts that do not require any services to be performed.

Nonoperating revenues changes were principally due to decreased growth in the economic markets in late 2021 and into 2022 and are

Statement of Cash Flows

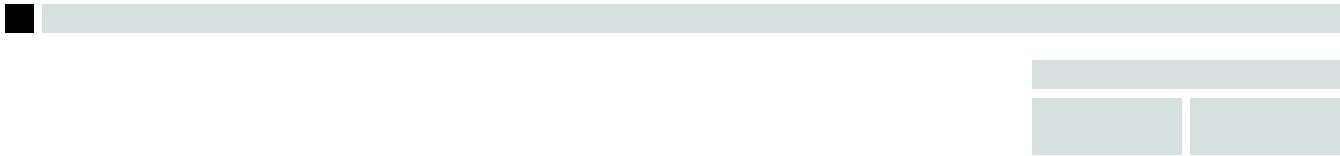

Another way to assess the financial health of a College is to look at the

In the prior fiscal year, the College was awarded Higher Education Emergency Relief Funds ("HEERF") totaling \$5,953,726, (\$3,453,099 – institutional funds and \$2,500,627 – student funds) obtained through the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), and American Rescue Plan Act. At fiscal year end June 30, 2022 the College had awarded the remaining \$1,685,031 to students and paid \$1,096,668 toward related expenses. While management reasonably expects the COVID19 outbreak to negatively impact the College's financial condition, operating results, and timing and amounts of cash flows, the related financial consequences and duration are still highly uncertain.

Property values and related property tax revenues continue to increase at a modest rate. Fiscal year 2021-2022 showed a 7.2% increase. Previous trends average 2% to 4%. The College continues to monitor the trend of revenue deferred from the College due to Downtown Development Association ("DDA") agreements in the local areas as it can be unpredictable.

The 2021-2022 fiscal year experienced a 1.4% percent overall increase in enrollment compared to the previous year. With concerted effort, enrollment is slowly increasing. This was achieved in part, by rethinking the methodology used in prior years and asking the entire campus staff to assist returning and new students through the enrollment process. These efforts continued into the enrollment for Fall 2022 semester and due to the efforts, the increase in headcount is up 6.5% (over 100 students), however billing contacts decreased by 1.4% percent. The College is in the 2nd year of an enrollment strategic plan that

MONTCALM COMMUNITY COLLEGE

■ Notes to Financial Statements

Risks and Economic Uncertainties

The outbreak of a novel coronavirus ("COVID 19"), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and the globe. The extent of the ultimate impact of the pandemic on the College and Foundation's operational and financial performance will depend on various developments, including the duration and spread of the outbreak, and its impact on students, employees, and vendors, all of which cannot be reasonably predicted at this time. In response to the pandemic, the College was awarded Federal Higher Education Emergency Relief Funds totaling \$5,953,726 cumulatively through 2021 from the Coronavirus Aid, Relief and Economic Security Act, the Coronavirus Response and Relief and Supplemental Appropriations Act,

Cash and Cash Equivalents

Restricted Cash

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense when necessary and an adjustment to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance and a credit to accounts receivable.

Revenue Recognition

MONTCALM COMMUNITY COLLEGE

■ Notes to Financial Statements

Operating revenues of the College consist of tuition and fees, grants and contracts other than Federal Pell, sales and services of educational activities and auxiliary enterprise revenues. Transactions related to capital and financing activities, noncapital financing activities, investing activities, state appropriations, property taxes, Federal Pell, Federal Higher Education Emergency Relief Fund ("HEERF") grants and the Federal Coronavirus Relief Fund ("CRF") grants are components of nonoperating and other revenues. For financial reporting purposes, restricted resources are deemed to be utilized first when both restricted and unrestricted resources are available to satisfy any expenses.

The Foundation's contributions, including unconditional promises to give, are reported as revenue when received and measured at fair value. Conditional promises to give, which have a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Contributions of assets other than cash are recorded at their estimated fair value. An allowance for uncollectible contributions is established based on an estimated percentage of total contributions receivable, past history of collection, and future expectation for collection of various accounts. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows.

Investments

The Foundation carries investments consisting of exchange traded funds at fair value, which is determined generally by using quoted market prices. Realized and unrealized gains and losses are reflected in the statements of revenues, expenses and changes in net position. The Foundation maintains investment accounts for its nonexpendable and expendable endowments. Realized and unrealized gains and losses from securities in the investment accounts are allocated quarterly based on the relationship of the market value of each endowment fund to the total market value of the investment accounts, as adjusted for additions to or deductions from those accounts.

MONTCALM COMMUNITY COLLEGE

Notes to Financial Statements

Capital Assets and Depreciation

Capital assets, which the College defines as property and equipment with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year, are recorded at cost or, if acquired by gift, at the fair value on the date of acquisition. Management reviews capital assets for impairment. Depreciation is provided for property and equipment on a straight line basis over the estimated useful lives of the assets as follows:

Classifications	Estimated Useful Lives
Buildings	40

Net Position

Net investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets, and restricted cash from the unspent bond proceeds to be used to pay the costs of constructing and renovating certain campus facilities.

Restricted expendable: Net position whose use by the Foundation is subject to externally imposed constraints, such as donor imposed restrictions, that can be fulfilled by actions of the Foundation pursuant to those constraints or that expire by the passage of time. The restricted balance of the Foundation consists primarily of funds restricted for scholarships and grants.

Nonexpendable endowments: Contains donor imposed restrictions that are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position

4. FAIR VALUE MEASUREMENTS

The Foundation groups its investments at fair value into three levels, based on the markets in which the investments are traded and the reliability of the and

MONTCALM COMMUNITY COLLEGE

Notes to Financial Statements

Exchange traded funds: Shares held in exchange traded funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Foundation at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Foundation's financial assets and liabilities as of December 31, 2021.

8. RETIREMENT PLANS

Defined Benefit Plan

Pension Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit ("DB") pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.
